DEAR MR. AND MRS. HOLDENRIED

Attention to: Missio Internationales

Greetings of peace and well-being!

On behalf of our Board of Trustees, staff, and children at the Kuya Center for Street Children, Inc., I sincerely thank you for your generous donation of EUR 15,000.00 for the **"healing and recovery of the street children affected by the fire and children of the poorest of the poor through psycho-social interventions and livelihood assistance."**

Your prayers and donation are of great help to us in continuing our mission of helping the street children affected by the fire and the children from the poorest of the poor to process their traumas and be healed in order for them to be able to continue their education and face the daily challenges in a positive way and to empower them to develop their full potential as individuals and become better citizens of society.

We will give you an update soon regarding this project so that you will be aware of the impact of your support on the children and their families.

May Jesus our good shepherd continues to bless and use you as a channel of blessing to the less fortunate children.

Again, thank you very much and God bless you always.

Sincerely yours,

Fatima C. Elahe,RSW
Executive Director
